INSTITUTE VISION

Nation building by creating opportunities for rural and urban students through excellence in education and research in the field of Engineering and Management.

INSTITUTE MISSION

- To develop the students for best academic and industrial practices by implementing innovative teaching learning methodologies, promoting all round development by giving exposure to series of activities.
- To prepare the students to face global challenges by equipping them with requisite technical expertise and developing entrepreneurship skills among them.
- To promote research attitude among faculty and students

DEPARTMENT VISION

Develop proficient Civil Engineer with technical competency and managerial ability so as to contribute in nation building.

DEPARTMENT MISSION

- To impart technical proficiency in Civil Engineering through quality teaching learning process
- To mentor Civil Engineering students for competitive services, higher studies and allied
- research to meet societal needs
- To inculcate managerial skills in students to evolve as an entrepreneur

Develop proficient Civil Engineers with technical competency and managerial ability so as to contribute in nation building.

QUALITY POLICY

We are committed to follow par excellence teaching practices to meet global demand of competent and trained human personnel in engineering and technology sector by remaining accountable through self evaluation and operate with continual improvement withing the statutary and regulatory framework and review its policy and objectives regularly to ensure its effectiveness

QUALITY OBJECTIVE

- To provide a sound academic environment to students for a complete learning experience
- To train the staff for all-round development of academic record
- To improve the industry institute interaction
- To promote R&D activity
- To strive for student's placement
- To organize co-curricular and extra-curricular activities

DIRECTOR'S MESSAGE

Dr. Ulhas Shiurkar (Director DIEMS)

66

Over the past few years Deogiri Institute of Engineering and Management **Studies** has redefined the Engineering and Management education in Marathwada region. Starting from nowhere in 2009 we have crossed many milestones and have set new academic records.

Quality infrastructure, well equipped laboratories with advanced software and workshop equipped with tools and machines, library with thousands of required texts, National and International Journals with spacious reading hall the make campus а giant where the future laboratory, Engineers experiment, test and prove their potential in different dimensions.

The institute always takes initiative in providing advanced educational facilities to furnish substantial support to facilitate learning process.

MESSAGE FROM HOD

Dr. S.D.Shinde (HOD, Dept. of Civil Engg.)

Welcome you all to the Civil Engineering Department at Deogiri Institute of Engineering and Management Studies, Aurangabad. Firstly I congratulate all the contributors and the editorial board for bringing out such a beautiful magazine.

I am proud of the department for its qualitative teaching-learning process, meaningful teacherstudent interactions, state-of-theart laboratories, and well qualified faculty; positively contributing to the community through teaching, research and consultancy activities. Enthusiastic participation of my dear students in the college activities in the recent past all vouch for this. When all the constituents come together and work in unison, the expected results are bound to flow. The new student writers have legacy of great achievements and I hope they will continue the same trend in future.
